

Christine JIANG

Vice President of Health & Fitness Business Development

Huawei Consumer Business Group

Ms Christine JIANG is currently the Vice President of Health & Fitness Business Development, Huawei Consumer Business Group. She is responsible for Huawei Health business cooperation development.

From 2019-2023, Christine Jiang is the Vice President of Solution, Smart Wearables & Health Product Line, Huawei Consumer Business Group. She took the lead in strengthening Huawei TruSeen™ system, building the Huawei TruSport™ scientific sports system and establishing Huawei health solution design. She is one of the founders of Huawei Sports Health Science Lab (Dongguan) and dedicated in building Huawei's health professionalism and bringing digital health experience to users through scientific and technological innovation.

From 2014-2019, Christine served as the Group Executive of Healthcare & Emergency Response. Her mission was to build up strategic transformation of global health & wellness management and emergency support.
