The total score (the average of the EV points of **four** best athletes) of a particular para sport will be used to decide if the sport will be supported as a Para Tier A Sport or a Para Tier B Sport:

Prerequisite

Para Tier A Sport:

- Total score 4 points or above; and
- Para sports competed or will compete in recent or current Paralympic Games (“PG”)

Para Tier B Sport:

- Total score 3 points or above; and
- Para sports competed or will compete in recent or current PG or Asian Para Games

Scoring Criteria / Guidelines

1. The final score of the sport will be calculated based on the average of the best results from four senior athletes.
2. Each result, including results of doubles events and team events in individual sports, would only be counted once.
3. Results in demonstration or exhibition events will not be counted.
4. Only results of athletes fulfilling the 3-year residency criteria will be counted.
5. For team events, whether in individual or “Team only” sports, all members of the team must fulfill the 3-year residency requirement; for Tier A Sports, all should be eligible to represent Hong Kong in the Asian Para Games or Paralympic Games.
6. Due to a lack of uniformity in the ranking systems for different sports, international ranking will not be used as an assessment parameter.
7. Only results in competitions sanctioned, recognised or endorsed by the relevant international or Asian federation will be considered, except for the National Games and National Championships.
8. For Paralympic Games medal results, the “minus-one rule” (i.e. beaten at least one competitor in the competition) will be applied.
9. Only results in events with the participation of four or more countries or regions, will be counted.
10. International opens or professional events with the participation of six or more current world top ten ranking athletes will be considered equivalent to an event at the 4/5-point level.
